TITLE

Ilya Ponomarev, Member of Russian Parliament, Visits InVivo Therapeutics Corporation

Cambridge, MA--- InVivo Therapeutics Corporation hosted Ilya Ponomarev, a member of the Russian Parliament, on Thursday September 3, 2009 as part of his national tour of important emerging technologies. Ponomarev, who is Chairman of the State Duma's Hi-Tech Development Subcommittee, visited InVivo Therapeutics at their headquarters in Kendall Square. While there, Ponomarev had the opportunity to speak with and listen to a presentation by InVivo President and CEO Frank Reynolds.

Reynolds was excited about the opportunity to present InVivo's technology and business model to a member of the international technology community.

"InVivo has met with representatives of many countries from around the world including Ireland, Switzerland, Germany, France, China, Singapore, Sweden, England, Canada, Kazakhstan, and now Russia," says Reynolds. "Our team has worked hard not only to create innovative technology but to develop a unique business model and it is nice to be recognized at a global level."

*

InVivo Therapeutics Corporation is a Cambridge, MA medical device company focused on combining polymers and stem cells to restore function in individuals paralyzed as a result of traumatic spinal cord injury. The company was founded in 2005 on the basis of research initiated in the laboratories of Robert Langer, PhD, of the Massachusetts Institute of Technology, Jay Vacanti, MD, of the Massachusetts General and Children's Hospitals in Boston, and Yang Teng, PhD, MD, of Harvard's Brigham and Women's Hospital.
